50X1

1. On 10 January 1955, [REDACTED] of your Division, installed a Sonic Alarm System at [REDACTED] at the joint request of TSS/SOO and TSS/FED. According to our latest communication with [REDACTED] of the above Company the alarm system cannot be reset and thus has been deactivated. Verbal instructions were given to [REDACTED] to, (a) decrease the sensitivity and, (b) lower the sound output level of the horn. Neither of the suggestions enabled them to reset the alarm.
